SUMMARY

I am a passionate and dedicated full-stack web developer currently in my third year of pursuing a Bachelor's degree in Information Technology. With a solid foundation in both front-end and back-end technologies, I am eager to apply my skills in real-world projects, contribute to innovative web development solutions and create **responsive** websites.

PROJECTS

Real Estate Website

Full Stack Web

Facilitates listing and searching properties for rent/sale.

Implemented features using JavaScript, React.js 18, Express.js, MongoDB, Firebase, Chakra UI and React Redux Toolkit.

Ensured seamless functionality and an intuitive user experience through **responsive web pages**.
